

# INTRODUCTION TO SCULLING CAMP

JANUARY 19-21, 2024

DELAND, FLORIDA

All-American Rowing Camp's motto has been Learn, Develop, Excel since 1999 and it is often brought to our attention that most of our campers have already learned the basics, with this camp we are excited to offer people the opportunity to 'Start from Scratch!'

Many Master Scullers are people who rowed in college many, many years ago or are people who were intrigued with the 'cool factor' or were introduced by family members or friends. Whatever the reason, we want to get you started off on the right track. This camp is designed for you, and you will be amazed at the progress and confidence you will find after 3 days with our coaches and equipment on the Lake Beresford laboratory.

Coach Ryan Worth with other coaches will be taking you from true Novice Sculler to a confident oarsperson. This camp will offer boats that are appropriate and coach to rower ratio will be capped at 1-4. You will have the opportunity to learn about boat and oar set up, how the mechanics of the body work to propel a boat and enjoy others who are learning at the same pace as you. Come with a buddy or come alone, you will make friends on day one. We use a Fun, Progressive and Positive style of coaching so everyone learns a great deal of how to move boats!!

Coach Ryan Worth will give plenty of on and off water instruction. Immediate video review as well as plenty of time for questions will highlight the off-water portion of the camp. Most meals are also provided to keep the learning time maximized. Rowing is a social sport so you will meet fun people along the way.

Please tell your friends and sign up quickly as this camp is sure to fill soon.

Questions can be directed to [Mark Wilson](mailto:Mark.Wilson@allamericanrowingcamp.com) via email anytime. Housing is NOT included so please read through this entire flyer for details on logistics.

Thank you and hope to see you in DeLand this winter.

*Ryan and Mark*
